## **How to use Regional LA:RISE Local Grant Code**

## Local Grant Codes

### How WDBS and AJCCs will be using the Local Grant Code

A local grant code allows you to create activities within a WIOA application using a Local Funded Grant. A Local Funded Grant is defined by the LWDA and is **not** one of the WIOA grants (Adult, DW, Youth, etc.) Should the participant become eligible under a WIOA grant code later on, you will be able to add WIOA Eligibility to an existing Local Grant WIOA application.

Using the Local Grant Code consists of two steps:

- Step 1. Activating the local grant under the WIOA application
- Step 2. Adding the local grant under the related Activity

1. To get started, access the participant's WIOA application wizard and go to the **Eligibility and Grants** tab, the last tab in the application.

2. Scroll down to the **Non-WIOA Grants** area and under **Local Funded Grants**, select **Yes**.

**Non-WIOA Grants**

**Non-WIOA Special Grants:**  Yes  No  Not Applicable  Inactive

**Local Funded Grants:**  Yes  No  Not Applicable  Inactive

3. Under the **Grants** section, find the **Regional LA:RISE** local grant code (Grant ID 614 and Local Grant Code LAO959) and click **Add** under the **Action** column. *Click **Finish** at the bottom of the page to save the update to the application!*

Grant Type	Grant ID	Grant Name	Local Grant Code	Date Added	Action

Now an activity can be created for the participant using the local grant code.

- Click **Create Activity/Service/Enrollment** under the **Activities/Enrollments/Services** section of the WIOA application. (On a newly created WIOA application, click **Create Participation** to create an enrollment and a first activity.):

### Local Grant Reporting

Since a local grant is entered using the WIOA application, you can access a few WIOA reports in CalJOBS and filter for local grants.

Below are two examples:

#### Example 1. Detailed Reports > Services Reports > Services Provided Individuals > by Grant

#### Example 2. Detailed Reports > Case Management Reports > Case Load - WIOA > Online Characteristics

For any report where you'd like to isolate local grant usage, ensure that the following filters are activated:

Customer Group: Local Funded Grant

Grant Type: Local Funded Grant

The screenshot shows a filter interface. At the top, there is a blue header labeled 'Program'. Below it, the 'Customer Group' filter is highlighted in yellow. The dropdown menu is open, showing options: 'Statewide Rapid Response Add'l Assistance DW', 'Statewide Dislocated Worker', 'National Dislocated Worker Grant (NDWG)', and 'Local Funded Grant'. Below this is another blue header labeled 'Enrolled Grant'. Underneath, it says 'Statewide Grants including NEG:'. At the bottom, the 'Grant Type' filter is highlighted in yellow, with a dropdown menu set to 'Local Funded Grant'.
